

CREW: The passionate people behind every unforgettable Caribbean experience

FACILITIES: More than a marina—our headquarters include a marine museum, biology lab, floating kitchens, workshops, and guest facilities.

MARINE PARK: Explore our protected marine area featuring an underwater museum, coral restoration, artificial reefs, and marine conservation projects.

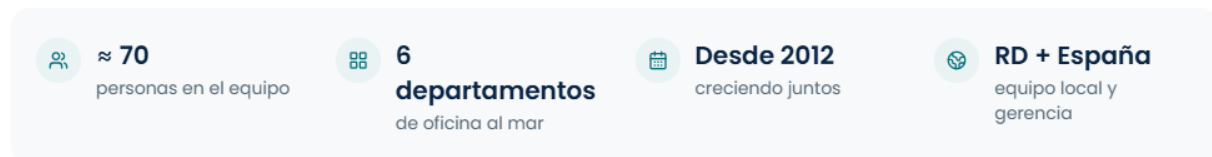

FLEET: Discover our modern catamarans for shared tours, private charters, and every group size.

NUESTRO EQUIPO □ THE PEOPLE BEHIND THE SCENES

LAS PERSONAS DETRAS DE CADA TOUR-□ MORE THAN A CREW, A TEAM DEDICATED TO YOU

UN EQUIPO REPARTIDO...□ More than 70 passionate professionals across six specialized departments work together every day to make your Caribbean adventure unforgettable.

DEBAJO DE ESTO□ ONE COMPANY, SIX DEPARTMENTS AND ONE SHARED PASSION

CEO: I started this company as its very first captain. Over the years, I've worked in nearly every role—from leading tours at sea to building the team that now makes it all possible. Watching people grow alongside the company has been one of the greatest rewards. In fact, our Operations Manager, Jose, learned to swim with me years ago, and today he leads one of the most important departments in the company. He is my right wing man.

No matter how much we grow, I believe the best leaders never stop learning, never stop listening, and never stop getting their feet wet.

SALES & MARKETING: Your adventure starts long before you step on board. We listen, offer personalized recommendations, answer every question, and help you choose the experience that's perfect for you.

OFFICE OPERATIONS: From the moment you arrive, we welcome you to our facilities, guide you through check-in, introduce your adventure, and provide personalized support throughout your experience.

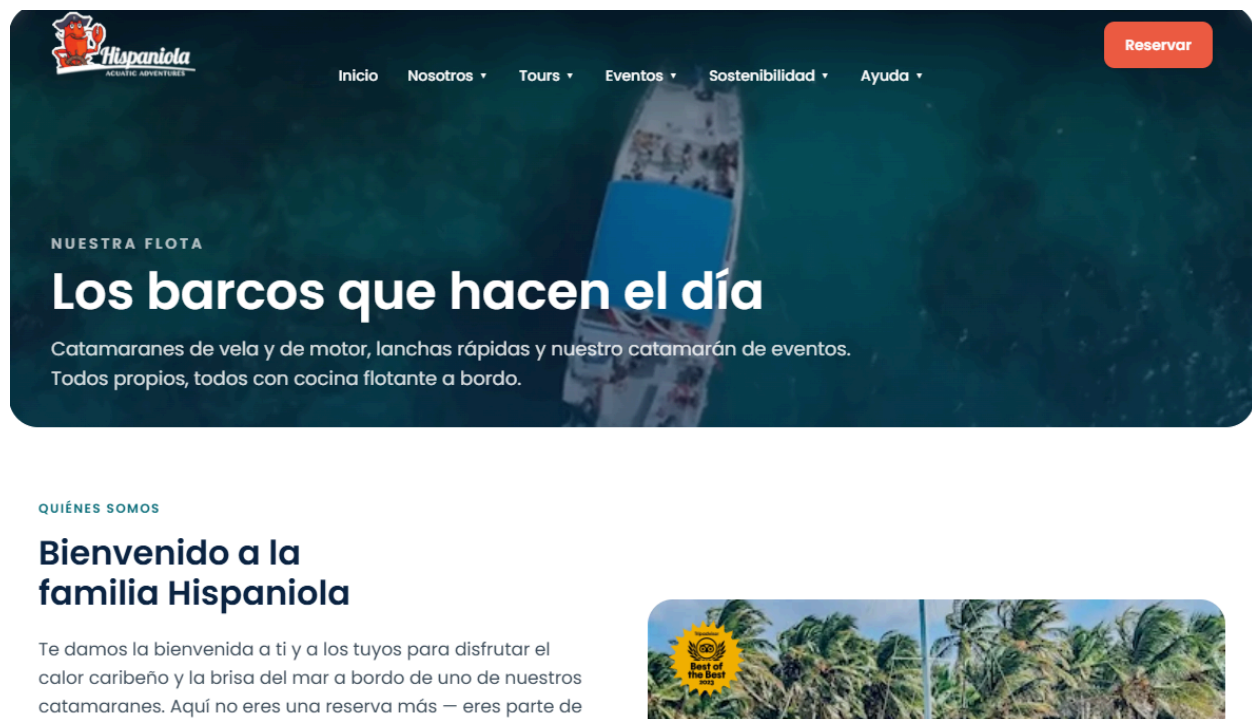

MARINE OPERATIONS: More than a crew, from boarding to snorkeling and every unforgettable moment in between, our team is dedicated to your safety, comfort, and enjoyment—making you feel like part of our family.

KITCHEN OPERATIONS: From land to our floating kitchen and then your table on board, our professional chefs prepare fresh, high-quality dishes with passion and

attention to every detail, making every meal part of the experience.

BAVARO REEFS FOUNDATION: Driven by a passion for the ocean, our multidisciplinary conservation team, works every day to protect coral reefs, restore marine life, and preserve the Caribbean for future generations.

ADMINISTRATION: Our management and administrative team oversees every aspect of the business, ensuring smooth operations, financial responsibility, and full compliance with Dominican regulations.

NUESTRA FLOTA

Los barcos que hacen el día

Catamaranes de vela y de motor, lanchas rápidas y nuestro catamarán de eventos.
Todos propios, todos con cocina flotante a bordo.

QUIÉNES SOMOS

Bienvenido a la familia Hispaniola

Te damos la bienvenida a ti y a los tuyos para disfrutar el calor caribeño y la brisa del mar a bordo de uno de nuestros catamaranes. Aquí no eres una reserva más — eres parte de

Best of the East

LOS BARCOS QUE HACEN EL DIA □ THE FLEET THAT BRINGS EVERY ADVENTURE TO LIFE

QUITAR LA FRASE DEBAJO Y PONER □ Every boat has a purpose. Each vessel in our fleet has been carefully selected and customized for the experience.

QUIÉNES SOMOS

Bienvenido a la familia Hispaniola

Te damos la bienvenida a ti y a los tuyos para disfrutar el calor caribeño y la brisa del mar a bordo de uno de nuestros catamaranes. Aquí no eres una reserva más — eres parte de la familia por un día.

Cada barco de esta página es nuestro. No somos una central de reservas que revende la salida de otro: el capitán, la tripulación, el chef y el mantenimiento son de casa, y por eso podemos responder de lo que pasa a bordo.

Grupos pequeños, espacio de verdad

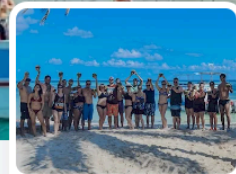

Nuestros barcos caben más de 100 personas, pero preferimos reservar solo una parte — para que cada huésped tenga su sitio y se sienta un VIP, no un número.

«Empecé con un solo barco y un sueño: que cada persona se sienta en casa en el mar.»

— Omar, fundador y director de Hispaniola · desde 2012

Nuestros huéspedes

QUITAR: BIENVENIDOS

□ Unlike many tour operators, we don't rely on third-party boats. Every vessel in our fleet is our own, professionally maintained by our in-house team and continuously upgraded to meet the highest standards.

Below, you'll find detailed specifications, onboard features, and technical fact sheets for each vessel, so you know exactly what to expect before you step aboard.

QUITAR: GRUPOS PEQUENOS

FRASE DEL CEO: "I never wanted to build the biggest tour company. I wanted to build the one people would never forget. Happiness is a way of travel not a destination"

cocina flotante en Punta Cana

CHANGE: SINCE 2010, FLEET CONSISTING OF 12

EL RECORRIDO

De un barco a una flota

Empezamos en 2012 con una sola embarcación. Cada barco que se sumó después se eligió por lo que le faltaba al anterior — más eslora, vela, tobogán, dos niveles — y no por tener uno más.

CHANGE: Our journey began in 2010 with a single boat and one clear vision: to create unforgettable experiences at sea. Every new vessel was made possible by the success of the one before it, allowing us to grow step by step without ever compromising quality. Today, our fleet is the result of years of hard work, reinvestment, and an unwavering commitment to excellence.

2010

The Dream Begins

Arrival of Catamaran Teresa, the first vessel and the beginning of Hispaniola Aquatic Adventures.

2013

The First Expansion

Santa María joins the fleet, proving that every successful season could become the next investment.

2015

Growing with Purpose

Forever Teresa arrives, followed by a second sailing catamaran and the company's first floating kitchen, elevating the onboard experience.

2016

Maite Joins the Fleet

Catamaran Maite is built, expanding our capacity and allowing us to create new experiences for more guests

2017

Innovation at Sea

Teresa 2 joins the fleet.

Construction begins on Karaya, while Parrot joins the fleet and the original Teresa is transformed into a passenger boarding platform.

2018

Improving Every Detail

Goyita is added to make boarding faster, safer, and more comfortable for every guest.

2020

Resilience

Even during the pandemic, the fleet continues growing with the acquisition of Joker.

2021

A New Flagship

After nearly five years of construction, Karaya is delivered, becoming the company's signature vessel.

2024

A New Generation

Grandpa and Follow Your Dreams join the fleet, representing the next chapter of innovation and guest experience.

LA FLOTA

Una embarcación para cada plan

Todas propias, bien mantenidas y siempre impecables — cuidamos cada detalle para que tu tour se sienta especial, no en serie. De cada una tienes su vídeo, su galería y la ficha técnica completa.

CHANGE:

More Than Boats. Your Home at Sea.

Every vessel in our fleet has its own personality, its own purpose, and thousands of unforgettable stories. We own, design, and maintain every boat ourselves, so every detail reflects the experience we want you to live. Explore each vessel through photos, 360° tours, videos, technical specifications, and onboard features before choosing the one that's perfect for you.

SOLO CON HISPANIOLA

La única cocina flotante de Punta Cana

Hispaniola es la única empresa de excursiones de la República Dominicana con una cocina flotante de verdad: mariscos y carnes a la parrilla, recién hechos frente a ti, mientras navegas. Nada de comida recalentada — un chef cocinando a bordo.

Siete platos a elegir, cocinados a la parrilla mientras navegas. Cero comida recalentada: lo que llega a tu plato se ha hecho a bordo, a unos metros de donde estás sentado.

Vive la cocina flotante →

CHANGE: More Than Lunch. A Memory You Can Taste. ★

Imagine the sea breeze on your face, the scent of fresh seafood and grilled meats filling the air. The aroma comes first. Then the sound of the grill. Moments later, your meal is served—freshly prepared just a few steps from your table, while you sail through the crystal-clear waters of Punta Cana.

Choose from seven freshly grilled dishes, including premium meats, fresh seafood, and local specialties, all prepared live by our chefs in a true show-cooking experience. No reheated food. No buffet trays. Just fresh ingredients, authentic Caribbean flavors, and meals cooked the moment you order them.

For us, lunch isn't just another stop on the tour—it's one of the moments our guests remember long after they return home.

COOKED FRESH, SERVED FRESH

LIVE SHOW COOKING

WHERE GREAT FOOD BRINGS EVERYONE TOGETHER

EL RECORRIDO DEL DÍA

Un día de mar en 3 paradas

No es un tour de un solo sitio: es un recorrido pensado para que cada parada sume — naturaleza, playa y descanso, en ese orden.

PRIMERA PARADA

Snorkel en el vivero de coral

Nuestra primera parada es un vivero coralino donde la Bávaro Reefs Foundation restaura el hábitat marino — nadarás rodeado de peces de colores en aguas transparentes.

Restauración del arrecife · Bávaro Reefs Foundation

AL MEDIODÍA

Playa desierta y coco-loco

Desembarcamos en una playa desierta para cocos fríos recién abiertos y cóctel de coco — pide todos los que quieras.

PARA CERRAR

Piscina natural

El último destino: una piscina natural en medio del mar, con las mejores bebidas de nuestro bar flotante.

CERO PLÁSTICO A BORDO

Ni una botella de plástico sube a nuestros barcos

No es una campaña: es cómo están equipados. Cada embarcación de la flota sale del muelle sin plástico de un solo uso, y todo lo que se genera a bordo vuelve a tierra con nosotros.

Cristal y acero

Botellas de cristal y jarras de acero en la barra, en lugar de botellines.

Vajilla reutilizable

Platos, vasos y cubiertos que se lavan y vuelven, servicio tras servicio.

Pajitas vegetales

Y ninguna bolsa de plástico en la cocina flotante.

Ver el resto de nuestro compromiso →

01

Zona de recibimiento y presentación del tour

Te damos la bienvenida, hacemos el check-in y te explicamos el día antes de zarpar. Subes a bordo sabiendo exactamente qué te espera.

- ✓ Bienvenida y check-in cómodo
- ✓ Explicación del tour antes de salir
- ✓ Zona de espera y baños

[Reserva tu tour →](#)

01. Guest Welcome Center

Your Vacation Starts Before You Board

From the moment you arrive, you'll feel the difference. Relax in our private waiting areas, enjoy clean restrooms, and meet our team as we guide you through the day's adventure with maps, safety information, and local tips. By the time you step aboard, you'll know exactly what awaits you.

- ✓ Private guest lounge
- ✓ Comfortable waiting areas & restrooms
- ✓ Tour briefing before departure

02. Marine Biology Center

Where Science Meets Conservation

This isn't a display—it's a working marine biology center. Visit our coral laboratory, explore our open-air underwater museum, and discover how our team restores coral reefs and protects Punta Cana's marine life. Before entering the sea, you'll understand exactly what you're about to explore.

- ✓ Live coral nursery

- ✓ Marine biologists on site
- ✓ Interactive coral museum

Real conservation. Real scientists. Real impact.

03. Professional Culinary Center

Fresh Starts Here

Every meal begins in our professional land-based kitchen, where fresh ingredients are carefully selected, stored, and prepared under strict quality standards before reaching our floating kitchen. From our cold storage to the grill on board, every dish follows one promise: fresh food, prepared the right way.

- ✓ Professional preparation kitchen
- ✓ Large cold-storage facilities
- ✓ Daily quality control

04. Foundation Store

Take Home Something That Gives Back

More than a gift shop, every purchase directly supports The Bávaro Reef Foundation. Take home locally inspired products and meaningful souvenirs while helping protect the coral reefs and marine life that made your day unforgettable.

- ✓ Official Foundation merchandise
- ✓ Local handcrafted products
- ✓ Every purchase supports conservation

Your souvenir helps protect the ocean you came to enjoy.

05. Operations Center

The Engine Behind Every Tour

Behind every unforgettable experience is a team making thousands of decisions every day. Reservations, guest support, logistics, operations, sales, and conservation all work together from our headquarters to ensure your day runs seamlessly from start to finish.

- ✓ Guest services & reservations
- ✓ Operations and logistics

✓ Sales & Foundation offices

What you experience as a perfect day is the result of hundreds of details working together behind the scenes.

MARING PARK:

Where Every Adventure Gives Back ★★ ★

The Caribbean isn't just where we work—it's our home. Every coral we restore, every turtle we protect, and every reef we help recover is part of our commitment to preserving Punta Cana for future generations. When you visit our Marine Park, you become part of that mission.

01. Underwater Museum

More Than Art. A Living Reef.

Discover one of Punta Cana's most unique underwater attractions. Dominican-inspired sculptures—including a baseball player, pitcher, Carnival Devil, musicians, and a traditional domino table—blend culture with marine conservation beneath the sea.

Surrounding the museum are more than 70 artificial reef structures designed to restore coral ecosystems, provide shelter for marine life, and create new habitats where fish can thrive.

- ✓ Dominican cultural sculptures
- ✓ More than 70 reef restoration structures
- ✓ Coral gardening & marine habitat creation

Foundation Bracelet

Your Ticket Protects the Ocean

Access to the Underwater Museum is included through a Foundation conservation bracelet. Every bracelet directly supports the operation of The Bávaro Reef Foundation and contributes to the protection, restoration, and monitoring of Punta Cana's marine ecosystems.

Your visit doesn't just create memories—it helps create a healthier ocean.

02. Coral Restoration

Growing Tomorrow's Reefs Today

Our marine biologists cultivate corals year-round using scientifically managed nurseries before transplanting them onto restoration sites throughout the Marine Park. Every new colony strengthens the reef and creates new habitat for marine life.

- ✓ Coral nurseries**
- ✓ Reef restoration projects**
- ✓ Long-term scientific monitoring**

03. Green Sea Turtle Conservation

Protecting One of the Dominican Republic's Greatest Success Stories

Years of conservation work have helped establish one of the country's most important Green Sea Turtle populations. Through habitat protection, education, and continuous monitoring, we're helping ensure future generations can experience these incredible animals in the wild.

04. Artificial Reefs

Building New Homes Beneath the Sea

Our artificial reefs create shelter for juvenile fish, increase biodiversity, and strengthen marine ecosystems. Today, these restoration sites have become some of the richest underwater habitats in the entire reef system, attracting an extraordinary variety of marine life.

- ✓ Fish nursery habitats**
- ✓ Increased biodiversity**
- ✓ Healthier coral ecosystems**
