The Ultimate Adults-Only Catamaran Tour in Punta Cana

Experience a premium small-group catamaran tour in Punta Cana, designed for travelers who value comfort, exceptional service and unforgettable experiences. With no more than 35% of the catamaran's capacity, you'll enjoy plenty of personal space, the best spots on board and attentive, personalized service throughout the day.

Departing from Bávaro, we cruise along the breathtaking coastline to the protected reef of Cabeza de Toro, one of the Caribbean's most remarkable marine conservation areas. Here you'll experience some of the best snorkeling in Punta Cana, exploring an exclusive Underwater Museum, artificial reefs that attract tropical marine life and more than 50 coral restoration structures developed by the Los Arrecifes de Bávaro Ecological Foundation.

This is far more than a snorkeling stop, it's an opportunity to discover a living coral restoration project while swimming through one of Punta Cana's healthiest reef ecosystems.

The adventure continues at a secluded beach where you can relax with a freshly prepared Coco Loco, followed by a visit to the famous Natural Pool of Punta Cana, featuring shallow, crystal-clear waters and artificial reefs that make snorkeling enjoyable for both beginners and experienced swimmers.

To complete the experience, our signature Floating Kitchen serves an unforgettable gourmet lunch prepared fresh on board. Enjoy certified Angus beef, fresh lobster, premium seafood and show cooking, replacing the typical buffet with restaurant-quality cuisine in the middle of the Caribbean Sea.

More than just another Punta Cana catamaran excursion, this is an experience where nature, marine conservation, gourmet dining and personalized service come together to create memories you'll never forget.

SNORKEL LOVERS:

Un día de mar

Snorkel Lovers es la versión para familias del Semi-Privado: el mismo catamarán, el mismo arrecife de Cabeza de Toro con el proyecto de restauración top-3 de República Dominicana, y la misma cocina flotante — pero con un ritmo pensado para que los niños disfruten sin apuro.

La bióloga marina adapta la explicación del vivero de coral al nivel de cada edad: los más pequeños descubren los peces de colores, los más grandes entienden el trabajo de restauración. En el agua, los chalecos infantiles son obligatorios y se ajustan a todas las tallas — incluso si nadie del grupo sabe nadar, el snorkel es en aguas poco profundas (1,2 m) y la piscina natural de estructuras de arrecife artificial.

El menú es el mismo de la casa, con o sin alcohol a elección: cerveza, ron añejo y vodka para los adultos, jugos y refrescos para los niños. La langosta del menú Premium se sustituye por langostino salvaje de marzo a junio (veda).

Discover the Caribbean Beneath the Surface

Snorkel Lovers is more than a catamaran tour, it's an immersive marine conservation experience designed for families, ocean lovers and curious explorers of all ages.

Departing from Bávaro, you'll sail to our exclusive Marine Park, where you'll snorkel among vibrant coral reefs, tropical fish, artificial reefs and the Underwater Museum, all within one of the Dominican Republic's leading coral restoration projects.

Before boarding, you'll visit our Marine Interpretation Center, where our Foundation team will introduce you to the reef ecosystem, explain how coral restoration works and show how these projects are helping protect Punta Cana's marine life for future generations.

On board, you'll take part in a symbolic coral planting activity, becoming part of the restoration effort and creating a meaningful connection with the ocean you'll soon explore.

The experience continues with two incredible snorkeling locations. First, the protected reef inside our Marine Park. Then, the crystal-clear Natural Pool, where our artificial reefs attract colorful marine life and provide an ideal second snorkeling experience for both beginners and experienced swimmers.

Keep your eyes on the horizon as well—sea turtles are frequently spotted from the catamaran during the journey.

To complete the day, enjoy our signature Floating Kitchen, where every meal is freshly prepared on board using premium ingredients. Choose from our Premium Menu featuring certified Angus beef, fresh lobster, Surf & Turf and other gourmet options, while relaxing with our open bar in the heart of the Caribbean.

This isn't simply a snorkeling excursion. It's an opportunity to explore, learn, contribute and experience one of the most unique marine conservation projects in Punta Cana.

Don't just discover the reef. Become part of it's future.

QUITAR HORAS Y PONER DEBAJO DE PLAYA DESIERTA SOLO EN TOUR DE 4 HORAS

SAONA ISLAND:

Un día de mar

Isla Saona es la excursión estrella del Caribe Dominicano: playas de arena blanca, aguas turquesas y una piscina natural donde te rodean estrellas gigantes. Zarpamos temprano desde Bayahibe y pasamos el día entero entre Catuano, Las Palmillas y (en la variante Fishing Town) el pueblo de pescadores de Mano Juan.

Eliges CÓMO llegar: en speedboat privado (la forma más rápida y exclusiva, hasta 9 personas), en catamarán (la experiencia clásica, hasta 70) o en lancha rápida con parada en el pueblo de pescadores de Mano Juan y Playa Toro. Las tres variantes incluyen el buffet típico en la isla y la piscina natural de Las Palmillas con estrellas gigantes.

El día cierra con regreso por la costa al atardecer. Es la única excursión full-day del catálogo — todo el resto son medios días.

A Day in Paradise

Saona Island is one of the Dominican Republic's most iconic destinations, famous for its powder-white beaches, crystal-clear turquoise waters and breathtaking Natural Pool, where giant starfish can often be seen resting on the sandy bottom.

Departing from Bayahibe, you'll spend the day exploring the island's most beautiful locations, including Catuano, Las Palmillas and, on our Fishing Town itinerary, the charming fishing village of Mano Juan.

Choose the experience that best suits your group:

Private Speedboat – the fastest and most exclusive option, for up to 9 guests.

Catamaran – the classic Caribbean sailing experience.

Speedboat Adventure – including stops at Mano Juan and Playa Toro.

All options include a traditional Dominican buffet served on the island and time to relax in the famous Natural Pool at Las Palmillas.

As the day comes to an end, enjoy a scenic cruise back along the Caribbean coastline before returning to your hotel.
